

# WEATHER SERVICES

*ABOVE THE TURBULANCE*

The safety of crew, passengers and aircraft is the number one concern at Pinnacle Operations. Weather updates are faxed to you at each stop so you can be prepared for what's ahead during each leg of your flight. Our weather services include textual weather information and graphical weather products.

Textual weather information includes:

- METARs
- TAFs
- PIREPs
- SIGMETs
- Winds and Temperatures aloft Forecasts
- Area Forecasts
- Route Weather Briefings
- Metro and State Forecasts
- Passenger Weather Briefings

Graphical weather products include:

- Radar Charts
- High-level and Low-level Significant Weather Charts
- Winds and Temperatures Charts
